**Application as a doctor (or state specialist title)**

Dear Mr. Barth,

You're looking for a "reliable and well-organized doctor." This phrase in your job posting immediately appealed to me. Given my many years of experience and passion for medical care, I'm convinced I can be a valuable addition to your team.

After studying medicine at Muster University in Musterhausen, I successfully completed my residency in internal medicine and was able to gain extensive experience in various hospitals. My focus was particularly on the diagnosis and treatment of internal medicine disorders, as well as patient care on the wards and in the emergency room.

My strengths lie in my empathetic and compassionate approach to patient care, my ability to make quick and accurate diagnoses, my teamwork skills, and my commitment to holistic patient care. I also have in-depth knowledge of modern diagnostic procedures and treatment options.

I am convinced that my qualifications and passion for working in the medical field can make me a valuable member of your team. I look forward to discussing my skills and experience in more detail in a personal interview.

I can start work in the advertised position from (XX.XX.XXXX) subject to the notice period. I therefore look forward to meeting you personally and remain.

Best regards,

(Signature)

---

Dr. med. Max Mustermann
